ORM Defensive Driving Online Course

Options ▾

This course is a Division of Administration (Office of Risk Management) approved training program for State of Louisiana employees, designed to train drivers in collision prevention techniques. The course also promotes an attitude of mutual understanding, courtesy, and cooperation of the road. Areas addressed in this course include cell phone usage and texting while driving, impaired driving, distracted driving, proper following distance and, most importantly, techniques for life-long defensive driving.

Please refer to Section 18 of the EH&S Policy for additional information on driver safety. This course is required for UL Lafayette employees who drive state, rental or personal vehicles on University-approved business. Participants who take this course (and wish to be placed on the University-approved list of drivers) are required to take this training.

By taking this course, I am acknowledging that I have authorization from my supervisor to drive the type(s) of vehicles indicated on the DA2054 form. I understand that I may operate these vehicles anywhere in Lafayette, St. Martin, Acadia, and Iberia Parish within the course and scope of my duties at the University. This travel does not require a completed travel request unless I am requesting reimbursement of mileage expenses for my personal vehicle. For all other vehicle related expenses, I must have an approved travel request before traveling.
